Entrex Carbon Market Provides Interested Party Update

Boca Raton, FL, December 10, 2024: Entrex Carbon Market (OTC:RGLG) has released a narrated update detailing the company's progress, successes, challenges, and key initiatives for the quarter. The update is available at <https://entrex.link/2024-12-EntrexInterestedPartyUpdate>.

“We believe these updates offer our employees, investors, partners, and potential collaborators a thorough understanding of our mission, vision, and ongoing efforts,” said Stephen H. Watkins, CEO of Entrex Carbon Market.

Thomas Harblin, Partner at Entrex Carbon Market, highlighted significant developments, stating, “Our principal developer for EPIC has the first site in Oklahoma nearing production, marking a critical milestone for our efforts. Additionally, we’ve seen growing interest from state economic development teams in our stranded gas mobile facilities. These teams recognize the employment and economic growth potential of our mobile mining, farming, and fishing infrastructures, which simultaneously provide substantial environmental benefits.”

Entrex Carbon Market remains committed to delivering sustainable solutions that address both economic and environmental challenges while fostering innovation across industries.

About Entrex Carbon Market:

Entrex Carbon Market established a leading market to trade securitized fixed-income environmental projects and the associated carbon offsets. The company works with carbon offset project owners to create "compliance grade" carbon offsets which have been institutionalized by Wall Street brand name providers. Today, the company works with dozens of carbon projects, each registered and authenticated to provide credible, institutional securities traded to customers through broker-dealers serving their client's needs.
