

ENTREX

Carbon Market

Contrary to popular belief,
money actually does grow on trees.

BECOME A FUNDING PARTNER IN THE \$50 BILLION PER YEAR
CARBON OFFSET SECURITIES/FUTURES MARKET.

Entrex Carbon Market offers ESG investors exclusive access to \$15,000,000 in carbon offset registration and sales projects.

Entrex Carbon Market is the only regulatory-compliant marketplace for buying, selling and retiring carbon offset securities and carbon offset futures at scale.

We've registered interest from multiple landowners representing a total of over **one billion metric tonnes** of carbon offsets and futures who wish to register, validate, verify and mint their offsets on our platform. To support the execution and delivery of these projects, we're offering a \$15,000,000 Green Bond to ESG alternative investors which meets

the specifications of the Climate Initiative Bonds.

In return, investors can expect to receive 12% annualized interest plus 1% of the revenues from the offsets registered and minted from projects they fund for the first three years. All capital is returned each

year upon the minting and sale of that year's offsets.

Entrex Carbon Market is 51% owned by Entrex, Inc. (OTC: UNSS), which owns, manages and licenses its proven, award-winning trading platform to power our marketplace.

The platform is what affords Entrex Carbon Market our regulatory-compliant status, an important distinction in what remains a largely unregulated carbon offset market.

Call **1 877 4 ENTREX** or email **info@entrexcarbonmarket.com** for more details.
