Entrex Carbon Market provides 2023-2024 Interested Party Update

St. Petersburg, Florida January 8, 2024 – (OTC:RGLG) Entrex Carbon Market today announces it has provided interested parties a narrated update on the company’s 2023 achievements and 2024 initiatives.

“2023 was a year of selling our compliance-grade voluntary offsets which appear well received domestically and abroad. Our sales success in 2023 launches 2024 with our team 100% focused on production - converting sales to revenue” said Stephen H. Watkins CEO of the St. Petersburg, Florida company.

“Separately and operationally; we believe all the filings needed to become fully compliant have been provided and await regulatory comments as appropriate. OTC, FINRA, Nevada and the SEC each have various discovered issues over the decades of different leadership and professional teams – it has been a daunting task and the more we dug the more we found; but our Counsel has been excellent, competent and timely helping us through the issues one by one” Watkins continued.
